

Food Distribution –

Praise the Lord we have just completed another monthly food distribution for our children and staff members. We are thankful we have been able to provide this needed supply of food for the families during this COVID pandemic. With schools closed and many people without work, times are tough in Kenya, but God is GOOD! Many would go hungry without this provision – **God is the Provider**; we are just distributing the goods! We give HIM Glory and Praise!

We receive several notes of thanks from staff members, our older children, and guardians each month – the thanks go to you! Your donations and sponsorships make this possible!
